

SolvIt Home Services RunRite Maintenance Plan

By purchasing a SolvIt Home Services RunRite Maintenance Plan, you and your family will enjoy year-round comfort and convenience. **Our RunRite Plan includes an annual cleaning and inspection on all covered systems and components.** (Repair Parts & Labor Not Included). Here are just a few of the program benefits:

***High-Performance Tune-Ups.** Recommended by manufacturers and utilities alike, regularly scheduled maintenance on your heating and air conditioning systems can reduce breakdowns by as much as 95% and lower utility bills by 30%. Additionally, regularly scheduled maintenance improves the longevity of, and reduces wear and tear on, your equipment and assures year-round comfort. We'll perform them for you like clockwork.

Discounts. Available to Plan Holders Only. Save 20% on all repairs completed during scheduled maintenance or safety inspections, and save 10% on all repairs completed during all other service appointments. Discounts not applicable on system replacements.

Priority Service. As a RunRite Plan holder, you're our priority! You will jump to the head of the line when you call. Your service or job will be scheduled ahead of non-plan holders.

No Dispatch Fee. During normal working hours, Monday through Friday 7AM - 8 PM, and Saturday 8 AM - 5 PM, you will not pay a service dispatch fee.

****Plan Holder System Upgrade Allowance.** All RunRite plan holders will receive \$300 towards the replacement of a heating system, \$300 toward the replacement of an AC system, or \$1,000 towards the replacement of both at the same time.

Trusted Company & Professional Service. Your SolvIt heating and air conditioning technicians are not only trained to take care of all of your home comfort systems, they are trained to show respect for you and your home. You'll take comfort in knowing all of our technicians wear clean uniforms, shoe coverings and are background checked and drug tested for your family's complete safety and protection.

100% Satisfaction Guarantee. We promise your complete satisfaction – GUARANTEED. If you're not fully satisfied, let us know and we'll return to make it right.

The SolvIt family of companies has been servicing its customers for over 80 years. Call SolvIt anytime, day or night.

- Test Heat Exchanger for Cracks and Leaks (Fall)
- Measure Temperature Rise (Fall)
- Measure Gas Pressure (Fall)
- Check Main Disconnect (Fall)

Heating and air conditioning tune-ups apply to residential systems only. This includes two visits per year, one in spring and one in fall, which consists of either a heat-pump, or an air conditioning system (maximum 5 ton or 60,000 BTU's each), plus gas or oil furnaces, or boilers. Chemical coil cleanings for heat-pumps or air conditioning systems are charged separately and offered as needed at time of service. Standard 5% efficiency 1" filter included in spring and fall tune-up. Service repairs, repair parts, refrigerant, humidifier pads and upgraded filters are charged separately at time of service.

**The Plan Holder System Upgrade Allowance cannot be combined with any other discounts or coupons, or toward previously performed installations.

Conditions of Agreement

1. Any alterations, changes, adjustments or repairs made by anyone other than qualified Solvit personnel will terminate our obligations under this agreement
2. Repairs required because of fire, flood, power failure, bad weather, acts of God or improper equipment use are not covered by this agreement.
3. This agreement does not extend to changes in work required by future governmental or insurance regulations, including refrigerant handling regulations.
4. System damage from any of the following causes is not covered by this agreement: condensate leaks, frozen or cracked pipes or coils, or the inability of the system to heat or cool the space for which it was designed.
5. This agreement does not apply to external power or control wiring circuit breakers, or disconnect switches supplying power to the system.
6. This agreement does not cover ductwork or duct cleaning, indoor air quality, structural supports or system sheet metal components, or adding of refrigerant.
6. This plan is not transferable
